### Are you seeking career advancement opportunities?

BRI & Associates, Inc. is working with companies in the Milwaukee and Fox Valley areas who are seeking accounting and finance professionals to join their teams. Contact us for more information regarding specific roles of interest and add us on Facebook, LinkedIn, & Twitter for weekly updates!

## MILWAUKEE OPPORTUNITIES

### Controller

BRI & Assoc is privileged to be working on a Controller role of a private manufacturer in Milwaukee, just under \$100M in Sales. This Controller role will report directly to the CFO and be his "right hand" in all aspects of the business. A small sampling of responsibilities includes the technical, analytical, operational and ERP system upgrades. If you are passionate about the manufacturing industry and want to work under the mentoring of a talented CFO and shape your career to be an up-and comer CFO, this could be a role to consider.

#### Required experience:

Minimum of 8 years of experience, manufacturing, previous management experience and ERP savviness (process-improvement oriented).

### Senior Financial Analyst

This Milwaukee Manufacturer is well known for it's consumer-friendly-product line and central location. The accounting group has a team of passionate self-starters who love to make a difference.

#### Key Responsibilities:

Responsibilities include supporting the financial reporting activities of the Technical Accounting team and leading the processes that monitor and assess the impact of accounting pronouncements on significant transactions in the business.

#### Required Experience:

If you have 5+ years of experience and prior public accounting experience, you may be qualified to be

considered for this great opportunity. SAP and strong Excel skills are a plus!

### SEC Reporting Manager

One of Milwaukee's key corporations has a need for an SEC Reporting Manager. This person is responsible for ensuring compliance with U.S. GAAP and SEC reporting requirements along with earnings releases. In addition, this position will support the technical review of accounting matters and build relationships with financial and operational leaders to support and assist in meeting our company's business objectives.

If you are anxious for a manager title, or eager to get to the six-figure salary level, you will do your career justice to pursue a technical role such as this. Within the WI market, there is tremendous leverage in having this background and increasing your marketability and the demand is greater than the supply!

#### Required Experience:

Minimum of 6 years of experience, CPA, and great technical skills.

## FOX VALLEY OPPORTUNITIES

### Controller

Located in the Upper Peninsula, 2 hours north of Green Bay. My client is a leader-in-the-industry of a highly designed and engineered product with a great growth trajectory. They were recently acquired by a PE company that hired a top notch CFO who is now looking to hire a Controller to be his "right hand".

If you love the outdoors, yet want to be near the Fox Valley, this is a great opportunity!

#### Key Responsibilities:

Overseeing the accounting function while helping to develop financial strategy to manage the company's growth, Responsibilities include a very hands on role in managing the team that will be responsible for the fundamentals of accounting, systems' improvements and internal controls.

#### Required Experience:

Minimum of 12 years of experience, CPA and MBA are strongly encouraged as well as manufacturing experience.

### Director of Accounting

BRI & Associates is privileged to be working on a Director of Accounting role with a \$1.5 B Private-Equity-owned Service Co in the Fox Valley. This company has had a great growth trajectory and poised for success. This person will join a dynamic

leadership team and be responsible for a team of 4.

#### Key Responsibilities:

Responsibilities will include the oversight of monthly financial statements, the financial reporting package and all supporting analysis. In addition, this person will be responsible for debt covenant compliance, budget support and implementation of new accounting standards.

#### Required Experience:

A Bias for "action" and a passion for managing a team are critical. In addition, 12+ years of experience (ideally in public accounting and industry). Let me know if you would have an interest in learning about how to be a member of this dynamic leadership team on the verge of exciting growth!

### Corporate Accountant II

One of the Fox Valley's most successful manufacturers has a need for a Corporate Accountant II. This team is vibrant and dynamic. My client will allow for great professional development and opportunities for promotions while working for some of the top mentors in WI.

#### Required Experience:

If you have 2-3 years of experience in either public accounting or industry and have a CPA or working towards certification, please reach out.

## NATIONAL OPPORTUNITIES

As a member of AAFA (an alliance of executive search firms specializing in the recruiting and staffing of finance and accounting professionals nationwide with offices in 45+ metropolitan areas), I can provide national opportunities. If you are interested in relocating, please let me know and I can connect you with one of our affiliate offices. Here are a couple roles they are working on:

### Senior Manager of Finance

#### York, Pennsylvania

This position will provide financial partnering with a 1200 person plant (largest in North America) and has a nice combination of strategic, technical and project-oriented responsibilities. This position will reward you financially (equity is part of the package) and the company will provide relocation assistance.

#### Required Experience:

10+ years of experience. Previous public accounting is nice to have in conjunction with analytical and technical within a manufacturing environment.

### International Tax Director

#### Atlanta, Georgia

A publicly-traded company in Atlanta is seeking a Tax Director to oversee tax planning, tax law changes and tax reporting. A consultative minded role – the right candidate will be focused on maximizing tax savings, and represent the organization during tax exams. As new business decisions are made this role will be integral in guiding the company to understand the tax effects and results and ways to minimize taxes. International Tax and mergers and acquisition experience are a MUST to best support the company leadership.

#### Required Experience:

Accounting Degree, 8+ years of International Experience. CPA and JD Preferred.
